

## Model 62 — Pneumatic Crimper

### Accurate and Reliable Terminal Crimping.

The Model 62 Accu-Crimp® is a portable benchtop Pneumatic Terminal Crimper designed to crimp loose terminals onto Hookup Wire, Coaxial and Flat Modular Telecommunications Cable. Designed to be compact and powerful, the Model 62 Accu-Crimp® delivers up to 1200 lbs @ 100 PSI, ensuring a tight quality crimp. Due to the unit's portability and light weight (only 15 pounds) the Model 62 can easily be moved from one work station to another offering excellent flexibility.

The Accu-Crimp® utilizes interchangeable Crimping Dies that are both affordable and available for most all common applications. Simplicity in design makes changeover from one Die Set to another fast and easy, requiring only seconds to complete.
